☐ Additional comb out ( 15 minutes) - \$15      ☐ Ear cleaning - \$30

☐ Sanitary Shave - \$40

*A sanitary shave is a simple trim of the hair around your pet's rear end, belly, and genital area. This helps keep the area clean, reduces odor, prevents matting, and makes bathroom clean - up easier. This is not a full haircut - just a quick, hygienic trim for comfort and cleanliness.*

☐ Light grooming (Non - professional) - \$55

*This is a basic tidy - up. It may include trimming stray hairs around the paws, face, or hygiene areas, brushing out minor tangles, and making your pet look neat. This is not a full grooming service or breed - specific haircut. We do not offer styling, scissoring, or full - body haircuts, but we can help your pet look cleaner and more comfortable.*

***If fleas and/or ticks are found on your pet, your pet will be treated to protect all patients and the facility  
The medication will be reflected on your invoice upon check - out.***
